Specialists of nearly every medical field were called in, but they arrived at no conclusions as to the cause of the coma or its proper diagnosis. It was even suggested that some one had hypnotized her, and efforts to throw off such a spell were made, but to no purpose. Her temperature increased rapidly, she became emaciated, and finally stopped breathing after having slept continuously twenty An autopsy will be performed by one of the city's leading physicians in an effort to solve the mysterious cause of the girl's

## NOT AN ABSOLUTE MONOPOLY.

Stickney's Statement Denied by Chicago Live Stock Association

CHICAGO. Nov. 8 .- T. W. Tomlinson, traffic representative of the Chicago Live Stock Association, appeared before the Interstate-commerce Commission to-day and refuted the charge made by President Stickney, of the Chicago Great Western, vesterday that the Live Stock Association is an absolute monopoly. Mr. Tomlinson asserted that shippers were not compelled to do business with the Live Stock Association, but that it had been found advantageous to them to do so inasmuch as their stock could then be sold at a better profit. In regard to the statement of President Stickney made yesterday that the reason the rate on dressed beef is lower than on live stock from the Missouri river points is because dressed beef is a more regular traffic. Mr. Tomlinson denied this asser-"It cannot be," said Tomlinson, "since live stock supplies all the dressed beef that is shipped. I claim on the other hand that live stock is a more regular traffic than dressed beef." Mr. Tomlinson testified at some length to show that the eighteen railroads against whom the Live Stock Association has preferred charges have for several years been discriminating against the Chicago market in favor of South St. Paul, South Omaha, St. Joseph and Kansas City markets.

The cross-examination of Mr. Tomlinson was not finished when the commissioners brought the proceedings to an abrupt close with the explanation that an adjournment was necessary, as the commission has a hearing set for next Wednesday in Washington. The railroad attorneys said the hearing had brought out some important issues and much time would be needed to prepare a defense. After some discussion the meeting adjourned to meet in Chicago Jan. 20 to continue the hearing.

Eighteenth Infantry Did Not Burn Towns and Villages in the Island

of Panay, as Alleged.

REPORT

NEW SCHEME OF COAST ARTILLERY REORGANIZATION WORKS WELL.

Letter of Recall Presented by Minister Wu Tingfang-General News of the Capital.

WASHINGTON, Nov. 8.-The War Department made public to-day a statement by General R. P. Hughes in reply to charges contained in a letter written by Henry Loomis Nelson in a Boston newspaper Aug. 25, 1902, and which letter is embraced in a pamphlet signed by Charles Francis Adams bert Smith, committee, under the title of "Marked Severities; Secretary Root's Record in the Philippine Warfare."

General Hughes quotes the following extract from the letter: "The Eighteenth regulars marched from Iloilo, in the south, to Capiz, in the north of Panay, under orders to burn every town from which they were the island to the other over which the trasurgent consul to have been the work of the insurgents. WASHINGTON, Nov. 8 .- An investigation that has been made by the War Department into the allegation of the antiimperialistic committee delivered at the Lake George conference, to the effect that Father Augustine, a Catholic priest, was killed by the water cure in the Philippines, has evidently confirmed the main fact that the man died as the result of the administration of the cure, but it also has been found that the persons who administered the cure to secure insurgent funds, of which he was the custodian, were volunteers from Vermont and are now beyond the reach of military justice, having been

## Tributes to Soldiers.

WASHINGTON, Nov. 8 .- General Wade, who commands the United States troops in the southern Philippines, in his annual report pays a high tribute to the conduct of the troops there, notwithstanding the fact that their supply of fresh meat has beenvery scant. He says there have been practically no complaints from the civil authorities or individuals of the conduct of the soldiers. The general says: "It is cause for sincere congratulation that from a state of war and military rule the troops have, almost at a day's notice, given up all authority and settled down with so little friction under civil rule among people of an alien and inferior race."

## COAST ARTILLERY.

First Annual Report of General Wallace F. Randolph.

WASHINGTON, Nov. 8 .- In his first annual report Gen. Wallace F. The development of game birds of northern Europe, be introthe present system of fire control has not been satisfactory, owing to unforeseen conditions, but it is hoped that before the close of this year a new system of position find-ing will be put into practice. General Randolph complains of the insufficient allowance of ammunition for target practice. Attention is invited to the necessity of ncreasing the pay and number of electrician sergeants, in view of the impossibility of caring for the numerous electrical devices at army posts without skilled men. At least 125 sergeants are recommended, with the pay and allowance of first-class sergeants of the signal corps. As another outcome of the maneuvers General Randloph demands five gunnery specialists for each company of coast artillery, who shall be allowed \$5 extra pay per month. Otherwise trained men in the service cannot be retained. General Randolph, in conclusion, declares that the combined army and navy maneuvers were replete with interest and strongly recommends that similar combined maneuvers take place annually.

## BASIS OF REPRESENTATION.

Postmaster General Payne's Statement as to His Own Attitude.

WASHINGTON, Nov. 8 .- "There is no authority for coupling the name of the President with the statement published today that the administration is in favor of a change in the basis of and a reduction in the representation of the Southern States in Republican conventions and in the House of Representatives."

Postmaster General Payne made this statement to-day as he left the executive office after a conference with the President. "My position on the question of the basis of representation in Republican national conventions," continued Mr. Payne, is well understood. For many years have believed that the present basis is unfair and an improper one. I believe so now and expect always to believe so, and hope to see that basis changed by the next national convention. There is no power to change the basis of representation except by action of the convention itself."

## WEST INDIAN MEDAL AWARDS.

Heroes of the Battleship Indiana to Be Announced First.

WASHINGTON, Nov. &-The Bureau of Navigation is ready to distribute to enlisted men the West Indian medal awarded under act of Congress approved March 3. 1901. Owing to the great number of medals to be distributed and to prevent the possibility of being overcrowded with requests the bureau has decided to publish the lists of men by vessels, commencing with the U. S. S. Indiana. An applicant whose name appears in the lists, but who is not how in the naval service, must forward the discharge which he received during the period between July 4, 1898, and the present time and it will be returned to the applicant with his medal. The name and postoffice address in every case should be legibly written in the application. En-listed men now in the service are required

## WU TINGFANG TO LEAVE.

Chinese Minister Presents His Letter of Recall to the President.

WASHINGTON, Nov. 8 .- Minister Wu has finally served official notice on this government of the change to be made in the Chinese legation here. To-day he called at the White House, accompanied by Mr. Tung, his first secretary of legation, and presented to President Roosevelt his letter of recall. Mr. Wu, acting under instructions from his government, which is very anxious that he shall return speedily to China to carry forward the work of pre-paring the commercial treaties, will return to his home immediately and without awaiting the arrival here of Liang Cheng, who is to succeed him as minister to Washington and is still in China. Therefore Mr. Wu will leave the first secretary, Mr. Tung, in charge of the embassy here until the ar-Minister Wu expects to leave Washington for China about the latter part of next week, where he will assume the position of associate minister of commerce and will

serve on the treaty commission. No information has been received at the Chinese le-gation to indicate when Mr. Wu's successor as minister to the United States will Baiz Released by Venezuelans. WASHINGTON, Nov. 8 .- The trip of the gunboat Marietta to Barcelona resulted in a satisfactory settlement of the case of United States Vice Consul Baiz at that

place. Several days ago Mr. Baiz complained to Minister Bowen that the Venezuelan government threatened to collect a forced loan from him. Mr. Baiz is a wealthy man, and, although a native of St. Thomas, the Venezuelan rebels set up the claim that he was a citizen of the country attacked. The result was they left a strip | and attempted to take a loan from him unof land sixty miles wide from one end of der duress. ### Canal Treaty Considered.

WASHINGTON, Nov. 8.-It is expected at the Colombian legation that the Colombian Congress will be reconvened in December or January. Advices which have been received at the legation indicate as much. The President of the Colombian govditions would permit. At that time the revolution was in progress, but it is regarded at the legation that the government has obtained full control of the situation, and this further encourages the belief that Congress may be called together within a few

Secretary Hay and Minister Concha have held two or three conferences during the past week relative to the canal treaty, and t is said that the prospects for the early conclusion of an agreement aimed to give o us proper authority to construct a canal on Colombian territory are bright. Information relative to the details of the treaty under consideration are withheld at the State Department and at the legation.

## No Chance for Steinhart.

WASHINGTON, Nov. 8.-Inquiry here fails to develop a reasonable basis for the reported candidacy of Frank Steinhart to be United States consul general at Havana as reported from that city. Mr. Steinhart is chief clerk of the Bureau of Insular Affairs here, but at present he is in Havana detailed to settle up the affairs of the late United States military government there and care for the records which are in course of transfer to the Cuban government. He has thus come into contact with the Cuban officials who have been favorably impressed with his personality and would like to see him appointed consul general. But it happens that General Bragg, who was the consul general at Havana, has already been replaced by Mr. Rublee, who was transferred from Hong-Kong for that purpose, and while the latter has not yet reached Havana, he is on his way there

## Bears Harmless When Wild.

and there is no vacancy for Mr. Steinhart

WASHINGTON, Nov. 8 .- The annual report of the acting superintendent of the Yellowstone National Park predicts that there will be a considerable increase in every species of large game throughout the reservation. It says the bears are harmless while left alone and kept in a perfectly wild state, but when fed and petted they lose all fear of human beings, cause damof any size occurred during the year and neither caused great damage. It is recommended that Fort Yellowstone be enlarged to a four troop or squadron post and be garrisoned by the troops of two different regiments. The grand total of all visitors to the park during the season was 13,433.

## MacArthur Will Go to Chicago.

WASHINGTON, Nov. 8 .- Maj. Gen. Arthur MacArthur has been relieved from the temporary command of the Department of the East at New York and ordered to return with his authorized aids to Chicago and resume command of the Department of the Lakes, temporarily in command of Brigadier General Bates. This change is in accordance with an arrangement made several months ago by which Major General Chaffee was to assume command of the Department of the East on his return from the Philippines. General Chaffee is expected to arrive at San Francisco in a day or two and will proceed at once to New York. Pending his arrival there Colonel Barry will exercise command of the Department of the East, under the direction of the lieutenant general commanding.

## Of No Political Significance.

WASHINGTON, Nov. 8 .- R. B. Armstrong, private secretary to Secretary Shaw, to-day said that there was no political significance whatever in the fact that a button was being widely distributed in Iowa bearing the portraits of the President and Secretary Shaw. The buttons, he said, were prepared at the time of the proposed visit of the President and Secretary Shaw to Dennison, Ia., the secretary's home town, during the President's recent trip through the Northwest, which was unexpectedly terminated at Indianapolis. They were prepared without any thought of political significance by a nonpartisan citizens' committee, and were to be given out as souvenirs of the occasion.

## Examination for Midshipmen.

WASHINGTON, Nov. 8 .- An examination is to be held on Nov. 12 at the Washington navy yard, before which will appear the young men recently designated by senators and representatives for appointment as midshipmen at the Naval Academy at Annapolis. This will be the third examination held this year, the forthcoming one having been made necessary by the fallure of so large a number to pass at the preceding examinations. While there are about eighty vacancies only about twenty-six candidates as principals and forty-seven as alternates will appear before the board on the 12th, thus a large number must necessarily be appointed next March.

Christmas Packages for Soldiers.
